

Anoop Kumar Srivastava

Software Developer II

Mobile: +91 7503035142, E-Mail: anoop.srivastava091@gmail.com

Carrier Objective

To contribute effectively in a dynamic organization that offers unlimited growth opportunities and values dedication, where my skills and hard work can drive both personal and organizational success while fostering continuous learning and development.

Work Experience

Experienced **Software Developer II** with over **9.5 years** of expertise in crafting **accessible, responsive, and high-performance user interfaces** across **web and mobile platforms**. Specialized in **React Native (Expo)**, **Tailwind CSS**, **HTML5**, **CSS3**, and modern **web design** techniques. Skilled at converting **Figma designs** into **pixel-perfect, semantic, and accessible front-end code**, following best practices in **UI/UX, responsive design, and mobile-first development**.

Strong command of **web accessibility standards (WCAG 2.2 A & AA)**, with hands-on experience using assistive technologies and tools such as **NVDA, VoiceOver, TalkBack, AXE DevTools, ARC Toolkit, Color Contrast Analyzer, and Accessibility Scanner**. Known for implementing **code optimization strategies** to deliver fast, maintainable, and scalable front-end solutions.

Basic working knowledge of **Angular**, with experience contributing to existing projects and collaborating with Angular-focused teams. Proficient in **CMS platforms** like **WordPress** and **Drupal**, as well as in Agile delivery environments using **GitHub, Azure DevOps**, and **branching strategies**.

Effectively integrates **AI tools** (e.g., **ChatGPT, GitHub Copilot, Google AI**) into development workflows to boost productivity, automate routine tasks, and improve code quality. Experienced in **requirement gathering, sprint planning**, and working closely with cross-functional teams to deliver inclusive, user-centered digital solutions.

Professional Skills:

- ✓ **Effective Communication:** Clear client interaction, requirement gathering, and team collaboration
- ✓ **Problem-Solving:** Analyzing project requirements, debugging code, and delivering functional solutions
- ✓ **Time Management:** Meeting deadlines consistently, prioritizing tasks, and managing multiple projects
- ✓ **Attention to Detail:** Delivering pixel-perfect UI and thorough testing of product modules
- ✓ **Adaptability:** Working with various technologies and platforms, learning new frameworks like React Native and Expo
- ✓ **Team Collaboration:** Coordinating with designers, developers, and clients to achieve project goals
- ✓ **Client-Focused Approach:** Understanding client needs and delivering aligned solutions
- ✓ **Quality-Oriented:** Maintaining high design and development standards throughout projects
- ✓ **Self-Motivation & Initiative:** Taking ownership of design and development tasks, continuous learning
- ✓ **Multitasking:** Handling front-end, mobile app development, CMS customization, and design work simultaneously
- ✓ **Creative Thinking:** Innovating UI designs and enhancing user experience across web and mobile platforms

Summary Of Work Experience:

Software Developer II

Baker & Taylor | 2023 – Present

Front-End Web Development

- Developed responsive, cross-browser compatible web interfaces using **HTML5, CSS3, Bootstrap, CSS Grid, Flexbox, Tailwind CSS**, and **CSS preprocessors (Sass, Less)**.

- Translated Figma designs into pixel-perfect, functional front-end code.
- Integrated dynamic UI behavior using jQuery and JavaScript (ES5/ES6), with familiarity in Angular and TypeScript for modern web development workflows.

Mobile Application Development (React Native + Expo)

- Designed and developed cross-platform mobile applications using React Native and Expo, enabling seamless deployment on iOS and Android.
 - Implemented consistent and efficient UI styling using Tailwind CSS via NativeWind, accelerating development and maintaining design uniformity.
 - Built responsive and adaptive interfaces with support for Dark Mode, utilizing system appearance detection and dynamic styling.
 - Leveraged Expo's managed workflow for efficient development and simplified native module handling.
 - Focused on performance optimization and ensured pixel-perfect UI across various devices and screen orientations.
-

UI Developer

Virtual Employee Pvt Ltd, Noida | June 2019 – 2023

- Designed and developed fully responsive websites optimized for various devices and screen sizes.
 - Collaborated with the development team to execute design tasks for dynamic and database-driven websites.
 - Customized pre-built web templates and performed website redesigns to improve UI/UX.
 - Worked on CMS platforms including **WordPress (Elementor)**, **Shopify**, **Wix**, and design-to-code conversion using **Figma**.
 - Communicated directly with international clients to gather project requirements and deliver solutions aligned with their expectations.
 - Ensured timely and high-quality project delivery, meeting deadlines without compromising design standards.
 - Analyzed project requirements to streamline the development process and achieve timely completion.
-

Web Designer

4PL Consultancy Pvt Ltd, Noida | March 2018 – May 2019

- Designed static websites using **HTML**, **CSS**, **Bootstrap**, and **JavaScript**.
 - Collaborated on dynamic web projects developed with **PHP** and **Zend Framework**.
 - Designed UI for shipping software and sales CRM applications in partnership with the development team.
 - Created website and product mockups using **Adobe Photoshop** for design visualization.
 - Managed website hosting and maintained live servers to ensure smooth product deployment and uptime.
-

Web Designer

Dextrousinfo Info Solutions Pvt Ltd, Noida | August 2016 – December 2017

- Designed websites (UI), emailers, and mobile app mockups using **Adobe Photoshop**.
 - Converted PSD designs to responsive HTML using **Bootstrap** framework from scratch.
 - Created promotional banners and social media graphics to support marketing campaigns.
 - Collaborated with the development team on design tasks for dynamic websites.
 - Customized web templates and redesigned existing websites to improve usability and aesthetics.
 - Communicated with clients to gather and clarify project requirements for smooth execution.
-

Web Designer

Spayee.com, Ghaziabad | *January 2016 – July 2016*

- Designed product UI and mockups using **Adobe Photoshop**.
 - Converted PSD designs to HTML from scratch, applying **CSS** and **Media Queries** for responsiveness.
 - Created and designed web elements to enhance product interfaces.
 - Managed publisher content and handled content fixes for ePubs using **regex**.
 - Collaborated closely with the development team on design-related tasks.
-

Intern

ANR Software Pvt. Ltd | *February 2015 – July 2015*

- Designed product UI and mockups using **Adobe Photoshop**.
- Gained hands-on experience in product design for **Zip Clock** and **e-Restaurant** applications.
- Participated in product training sessions with international clients.
- Tested product module designs and maintained detailed test reports.

Education:

Master of Computer Applications (MCA)

IMS Engineering College, Ghaziabad (UPTU) — 2015 | *First Division*

Bachelor of Computer Applications (BCA)

KCMT, Bareilly (MJPRU) — 2012 | *First Division*

Higher Secondary (12th Grade)

Shahjahanpur (U.P. Board) — 2008 | *Second Division*

Secondary (10th Grade)

Shahjahanpur (U.P. Board) — 2006 | *Second Division*

Technical Skill

Front-End Technologies

- **Languages:** HTML4.0, HTML5, CSS, CSS3, JavaScript (ES5/ES6), jQuery, Sass, Bootstrap, Tailwind CSS
- **Frameworks/Libraries:** React Native (Expo), Angular (basic working knowledge)
- **UI/UX:** Pixel-perfect conversion from Figma, responsive & mobile-first design, web accessibility (WCAG 2.2 A & AA)

Accessibility Tools & Standards

- NVDA, VoiceOver, TalkBack, AXE DevTools, ARC Toolkit, Color Contrast Analyzer, Accessibility Scanner

CMS Platforms

- WordPress, Drupal

Development Tools & IDEs

- Adobe Dreamweaver, Notepad++, Sublime Text, VS Code, IntelliJ IDEA

Version Control & Collaboration

- GitHub, GitLab, Bitbucket, Azure DevOps, Git branching strategies

Project & Task Management

- Trello, Jira, Basecamp

Other Tools & Skills

- AnyDesk, Typing Master Pro
- AI Tools Integration: ChatGPT, GitHub Copilot, Google AI for productivity and code quality enhancement
- Agile methodologies, sprint planning, requirement gathering, cross-functional team collaboration
